

Ultra-Fidelity Outdoor Speakers™

Rockustics speakers can withstand virtually any kind of weather or climate.

- **All-Weather Durability**

With ultra-durable construction and nature-inspired designs, Rockustics speakers provide year-round entertainment.

- **Backed by 10-year Warranty**

Rockustics is confident in building the world's top outdoor speakers; offering an industry-leading 10-year warranty on all speakers.

- **Theft-Resistant**

Rock speakers are hefty! Rockustics speakers can also be outfitted with an optional security bracket to further deter theft.

- **Omnidirectional Coverage**

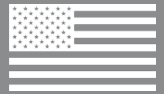

Rockustics offers products that are engineered for 360° omnidirectional dispersion to encompass your entire installation in high-fidelity sound.

- **High-Fidelity Audio**

With exacting specifications and professionally designed crossovers and components, Rockustics speakers produce high-fidelity audio for both home and commercial applications.

Rockustics
Rock & Planter
speakers made in the USA

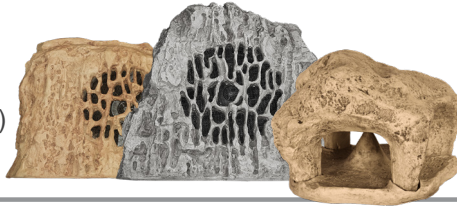

Rockustics rock speakers are made with a proprietary, state-of-the-art mixture including marble dust and texturing agents. This gives them exceptional durability and an ultra-realistic look and feel as well as color that is same throughout — ensuring they won't fade or chip.

Rockustics®

Rocks

All Rocks can be outfitted with a multi-tap transformer (25/70.7/100V, 64/32/16/8/4W) for 70V installations

Landscape

An attractive, discreet way to distribute audio throughout an outdoor setting.

Planters

Envelops the outdoor environment with remarkable coverage.

Extreme Weather

Full frequency sound dispersion and complete omnidirectional coverage.

Amplifier

Advanced features that will make it the hub of your outdoor audio experience.

Cherry Bomb

A patented 3-way in-ground, outdoor speaker system that includes a subwoofer, midrange, and tweeter in a single unit. This unique combination provides unprecedented phase-matched audio between the low, mid and high frequencies.

Rock On!

Rockustics® offers an extensive line of high-fidelity, all-weather outdoor speakers for both home and commercial applications. Each model is designed to enhance the environment by providing the highest quality sound with unparalleled lifelike aesthetics.

Rockustics Rock & Planter speakers are made in the USA.
